The City of Salinas and California Green Building Standards Code requires a minimum of 65% diversion of materials generated from construction and demolition (C&D) projects. This guide will help manage the scrap materials generated from C&D projects through recycling and source separation. Following these guidelines can help you save money and comply with City/State regulations.

For more Info: [www.bsc.ca.gov/Home/CALGreen.aspx](http://www.bsc.ca.gov/Home/CALGreen.aspx)

**Hauling Services**

- Hauling services are available through the local franchised hauler, Republic Services of Salinas.
- General contractors, subs, or construction companies can self-haul by using their privately owned hauling equipment. (Section 14-11, Salinas Municipal Code).

A list of Bonafide Recyclers is available at the City’s Permit Center or at [www.salinas.wastetracking.com](http://www.salinas.wastetracking.com)

*ALL weight receipts (recycling & disposal) MUST be retained from subs, hauling companies, or Bonafide Recyclers.*
The City of Salinas requires that all C&D materials (100% of inerts and 65% of all other C&D materials) be recycled (Chapter 9.4-1 Salinas Municipal Code). To comply with this requirement either:

1. Fill out the Waste Reduction & Recycling Plan/Report (available at the City’s Permit Center; OR
2. Use on-line Waste Tracking Rpt: www.salinas.wastetracking.com

All mixed C&D and waste materials generated during a C&D project must be delivered to one of the following Salinas Valley Recycles locations:

- Johnson Canyon Landfill
  31400 Johnson Canyon Rd
  Gonzales, CA 93926

- Sun Street Transfer Station
  139 Sun St.
  Salinas, CA 93901

Upon project completion, the Waste Reduction & Recycling Plan/Report or WasteTracking.com and all applicable weight receipts must be submitted to the City demonstrating compliance with the recycling requirements.
